Connect to
creativity and
employability

THINK BIG, THEN THINK BIGGER

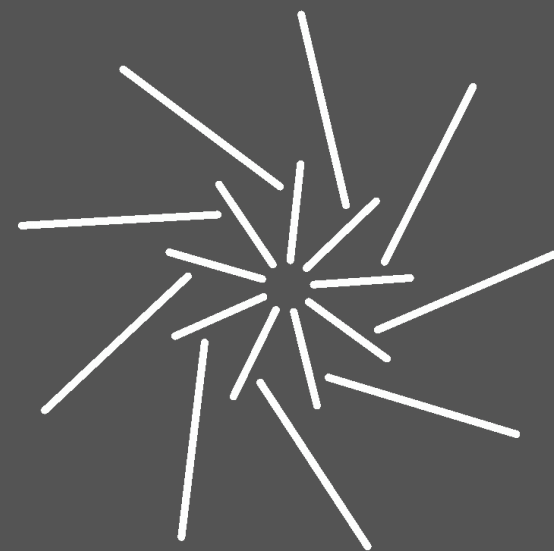

*think how do I
get better?*

"I contributed towards something".

'I brought the ideas'.

WIN Connect to You Students

Session 1

You'll work together on a creative brief developing employability skills with a focus on team work, creativity, originality, initiative and problem solving.

Session 2

You'll storyboard, script and shoot a short film to promote a message you want the world to hear.

Session 3

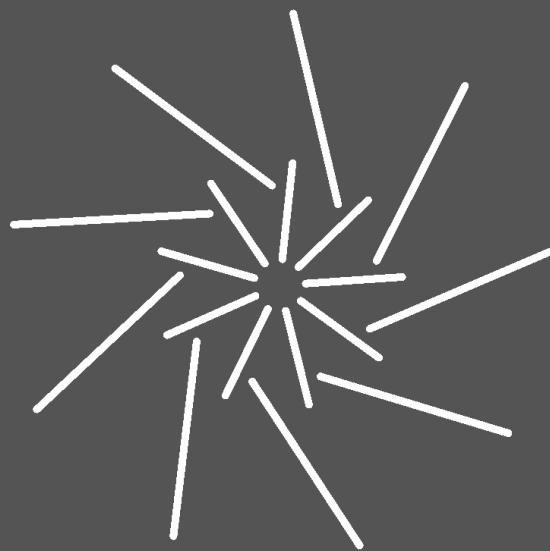

You'll pitch your big idea, receive expert observations and support and reflect on your contribution.

You'll learn how to give and receive constructive feedback, consider your future options, think big and know where to go for help.

**DON'T DIMINISH
WHAT YOU'VE
GOT TO GIVE**

when you yourself are limitless

'I didn't think I'd feel this confident, we worked in small groups and there was no pressure, people listened to my ideas and there was freedom of expression. I created something meaningful'

ASPIRATIONS
ARE CREATIONS

OF IMAGINATION

they fuel motivation

'I'm surprised I can talk to people, normally
I'm by myself, I feel accomplished being
around people all day'.

WIN Connect to You Student

All workshops can be delivered as individual sessions, as a series in a day, or over a number of weeks.
